4.3	POINTS FOR DISCUSSION
4.3.1	Provision of installation VRF AC instead of Chiller based HVAC in phase-I. The present contract provides for low side HVAC chiller based plant with a provision of Rs.1,35,36,000/-. Which does not include chiller building cost, manpower cost, fresh water cost, water treatment cost etc. To install it completely, approximately Rs 6.00 crore will be required. Whereas, VRF AC will be installed for approximately Rs 4.50 crore. CPWD is agreed to installation

	VRF AC instead of Chiller based HVAC in phase-I. Therefore, B&WC deliberated on the issue and recommended placing VRF system of ACs with sanction of additional funds of ₹2,87,26,880/- (4,05,03,200 -1,17,76,320 (87% of 1,35,36,000/-)). Resolution: The Finance Committee recommended an additional amount of ₹2,87,26,880/- to install VRF AC systems for approval from BoG.
4.3.2	Change in plinth areas of Phase-I building within 5%. EEPCD-1 CPWD Pune submitted details of building wise areas as per actual, area difference and estimated cost implication as per tender. The statement shows that there is an overall increase in plinth area by 1476.78 square meters, resulting in increased work cost of Rs 4,78,55,099/-. The reasons stated by EE PCD-1 CPWD Pune include, variation in fire norms, width of plinth area of modified staircase, slight increase in building plinth area including plumbing shaft etc. It has been confirmed by SE CPWD that the overall increase in plinth areas is within 5% which is as per the contract and the cost impact of the same will be within the sanctioned cost of work. Hence, It is recommended to sanction additional cost of Rs 4,78,55,099/- Resolution: The Finance Committee recommended an additional amount of ₹4,78,55,099/- against of increased in plinth area by 1476.78 sq meters for approval from BoG.
