11.3	POINTS FOR DISCUSSION
11.3.1	To consider and approve the Proposed Evaluation Scheme for BTech and MTech: Emphasizing Continuous Learning and Innovation Evaluation Components: • Term 1 & Term 2: Each of (15 marks), • End Term (50 marks), and • Continuous Assessment (20 marks): Continuous assessment comprises assignments, quizzes, tutorials, project-based learning, etc. <i>Resolution:</i> <i>The Senate recommended flexibility for the end term and continuous assessment components. The following scheme was approved by the senate:</i> <i>Evaluation Components:</i> • <i>Term 1 & Term 2: Each of (15 marks),</i> • <i>End Term (50-60 marks), and</i> • <i>Continuous Assessment (10-20 marks): Continuous assessment comprises assignments, quizzes, project-based learning, attendance, etc.</i>
11.3.2	To consider and approve 4-years BTech program in Artificial Intelligence and Data Science under the Department of Computer Science and Engineering By introducing a B.Tech in AI and Data Science, IIIT Pune can position itself as a leader in technological education, respond to industry needs, and contribute to the advancement of AI research and applications. <i>Resolution:</i> <i>The Senate in principle has approved the 4-year BTech program in Artificial Intelligence and Data Science.</i>
11.3.3	To consider and approve 4-years BTech program in Very Large-Scale Integration (VLSI) under the Department of Electronics and Communication Engineering By establishing a BTech program in VLSI Design, the ECE Department aims to create a talent pool of skilled engineers who can drive innovation in the semiconductor industry. This initiative will not only meet the growing demand for VLSI professionals but also support the government's vision of a technologically advanced and self-reliant India. We seek approval and support for this proposal to make a significant impact on the future of electronics and communication engineering education and industry.

	Resolution: <i>The Senate in principle has approved the 4-year BTech program in VLSI.</i>
11.3.4	To consider and approve change of 2-years MTech program from Internet of Things (IoT) to VLSI under the Department of Electronics and Communication Engineering In line with the Government of India initiatives like “Make in India” and “Digital India”, which emphasize the importance of developing local semiconductor manufacturing and design capabilities. A new M.Tech. program in VLSI at IIIT Pune can play a crucial role in addressing the growing demand for skilled professionals and contribute to the advancement of technology and innovation in the country. Annexure – 11.3.4 - Schemes for MTech in VLSI Resolution: <i>The Senate in principle has approved the change of 2-years MTech program from IoT to VLSI under the department of Electronics and Communication Engineering.</i>
11.3.5	To consider and approve the revised Schemes for BTech CSE and ECE. Aligning the curriculum with current industry requirements and trends will help graduates remain competitive in the job market. This can enhance employability and ensure that students have the skills and knowledge as per current academic and industry requirements. - Revised Scheme for BTech CSE - Revised Scheme for BTech ECE Resolution: <i>The Senate suggested providing the prerequisites for the new courses. The Senate also suggested realigning few of the courses and presenting them in the upcoming senate.</i>
11.3.6	To consider and approve the evaluation of Six months Internship and Summer Internship by their respective industry managers/supervisors. • Performance of students doing internships in a company will be evaluated by their respective industry managers/supervisors. Performance will be evaluated on the basis of technical skills, soft skills, industry project performance, techno-managing skills, etc. • Based on the marks received, grading will be done by the moderation committee. • Special cases may be dealt with separately with recommendations from competent authority. Resolution: <i>The Senate approved the above proposal.</i>
11.3.7	To consider and approve different exit options applicable under NEP 2020 for BTech and MTech programs. To implement National credit framework and specified degree as per NEP 2020 for: • B. Tech. program • M. Tech program - Criteria and Degree to be awarded at different exit levels. Resolution:

	<i>The Senate approved the exit policy.</i>
11.3.8	Integration of Indian Knowledge System: Credit / Audit-Based Courses and Online Learning Opportunities In line with the Indian Knowledge System, the Institute will offer credit / audit-based courses like Vedic Mathematics, Sanskrit/ Hindi language, regional culture courses, etc. For reference, following courses are available on Swayam portal: 1. Indian Knowledge System (IKS): Concepts and Applications in Engineering 2. Indian Knowledge System (IKS): Concepts and Applications in Science 3. Indian Knowledge System (IKS): Humanities and Social Sciences Resolution: <i>The Senate approved the agenda and recommended adding more such courses to the elective list.</i>
11.3.9	To consider and approve Summer Term Policy and Guidelines A student who gets an F grade in their examinations will be eligible to enroll in the summer term. • Summer term will be conducted in the month of June-July of every Academic Year. • The evaluation of the summer term is for 100 marks. • A registration fee of ₹9,000/- (Rs Nine Thousand Only) per course is required to be paid by the student. • Honorarium to faculty: As per the institute norms.
