As per the above OM of the Ministry of Finance, Government of India, the travel entitlement is linked to the Pay drawn by the officer. In the normal circumstances, the Railways allow concessions for students in the Sleeper Class only.

In order to admit the travel claims of the students at the college, as and when required to travel for attending seminars/symposia/sport/cultural events etc., in the absence of rule on the matter, it is proposed as under:

- (a) Sleeper Class [SL];
- (b) In case of SL is not available, AC Chair Car;
- (c) State Transport Buses in case station not connected by rail

Student may travel by any class at their own discretion, but the claim may be restricted as per the above.
