1. Director's Message

As College of Engineering (COEP) works diligently to realize its mission of providing the best learning, teaching and research opportunities to the students and academicians alike, being the mentor institute for the Indian institute of Information Technology, Pune (IIIT, Pune) started in the year 2016, we have been trying to pass on the same legacy to IIIT Pune as we believe that “Gaining knowledge is the first step to wisdom and sharing it, is the first step to humanity”.

With the modest beginning last year with 66 students admitted into the institute for the two major courses offered – Computer Science and Engineering (CSE) and Electronic and Communication Engineering (ECE), a notable increment is seen this year with an admission of 95 students. As the Mentor Director, I have seen this institute grow, from taking baby steps to being a fully-functional institute with well-equipped labs and highly-qualified and dedicated faculty depicting an amazing story of how team work and synchronization can be best nurtured.

We also owe the success to our industry partners for who are constantly supporting and motivating the faculty and students at IIIT Pune with their mentorship and networking from time to time.

The experts from various industries have highly contributed in designing the academic syllabus along with the experts from COEP. The students have also been on numerous industrial visits and have had guest lectures, ensuring a holistic understanding and industrial exposure of academic concepts.

A number of extracurricular events were held in this institute. Each event has been a showcase of pure talent, conviction and the spirit of enthusiasm. The motivation displayed by the students has always been reassuring about the good engineers this college will send out, across the globe. Maintaining a perfect balance of

work and extra-curricular activities, IIIT Pune is moving onward, forward towards a bright future. It has always been of prime importance that not only should the institute churn out good engineers, but also good human beings also representing how traditions and modernity can be integrated in an educational environment.

An effective mentoring relationship has been formed over these two years which was characterized by mutual respect, trust, understanding, and empathy. More than advising; our mentoring was a personal one, as well as, professional relationship, which enabled us to share our life experiences and wisdom, as well as technical expertise. The nurturing was extended beyond formal education and continued by assisting the student's socialization into a disciplinary culture and to help them get industry exposures through internships.

Our faculty mentors have been good listeners, good observers, and good problem-solvers who have left no stone unturned to understand, accept, and respect the goals and interests of the students of IIIT Pune and helped to establish an environment in which there wasn't any limit for the accomplishments of the students as well as the faculty.

We have a vision not just for this institute, but for the nation. We want to develop human beings who are technologically superior and having social concerns. Our aim is to provide them with all necessary infrastructure and knowledge to 'ignite' these young minds and each small step in that direction matters to us.

In light of the increased competition around the globe, we hope the institute will be more focused towards research activities, Industry Institute Interactions to make these budding engineers competent and world ready.

We certainly treasure the time that we have spent in growing this institute and assure the IIIT Pune our unstinting support and cooperation in all their future

endeavors! Growing by leaps and bounds, I am sure IIIT, Pune will soon reach new heights in the years to come and be a globally recognized institute.

I wish the faculty and students the very best for all their future endeavors!

Prof. B. B. Ahuja

Mentor Director

IIIT, Pune

2. Registrar's Message

The main hope of the nation lies in the proper education of its Youth!

IIIT, Pune was started in 2016, under the able mentorship of COEP. As the registrar of IIIT, Pune, I believe the institute is built on a strong foundation of beliefs, where education, skill and talent are brought together to design the perfect engineer. The IIIT has been building on this foundation and growing year after year. The 1st year, 66 students took admission and selected one of the two main courses that were offered Computer Science and Engineering & Electronics and Communication Engineering. At IIIT, Pune, we have a carefully designed course structure with the help of able faculty members, academicians and experts. Each course has theories and practicals, thus helping the students to learn not only theoretically but practically as well.

As a Registrar, I have seen this institute grow, beautifully into an institute that strives hard to create an ambiance nurturing young minds, skillfully through innovation and creativity. It is a great challenge and satisfy the students with the existing academic, hostel as well as canteen facilities in a rented campus. I am very much thankful to all the students and faculty for supporting the institute in many aspects.

The students of IIIT, Pune have been on various industrial visits and have had guest lectures, ensuring a holistic understanding and industrial exposure of academic concepts.

I have had the honor, to witness a number of events held in this institute, from the First Sports Meet to the First Annual Day. At each of these events the students have come together, enhancing team spirit and gaining confidence and portraying talent. The self-motivation at any event, academic or sports, displayed by the

students, the talent and the hunger for knowledge is reassuring about the good engineers this college will churn out.

With a perfect balance of work and extra-curricular activities, IIIT, Pune is moving forward towards a bright future.

As a Registrar, I believe education is the most powerful weapon used to change the world and hence I am proud to be associated with IIIT, Pune, an institute that will soon be known for producing some of the finest engineers.

Wishing the faculty and students all the very best for the coming year!

Regards

Dr. S.N. Sapali
Registrar
IIIT, Pune

3. About us

To address the challenges faced by the Indian IT industry and growth of the domestic IT market, MHRD, Government of India intends to establish twenty Indian Institutes of Information Technology (IIIT), on a Not-for-profit Public Private Partnership (N-PPP) basis. The partners in setting up the IIITs would be MHRD, Governments of the respective States where each IIIT will be established, and the industry. The Union Cabinet on 7.12.2010 approved the Scheme of “Setting up of 20 IIITs in PPP mode”. Out of these 20 IIITs 15 are under the purview of the IIIT (PPP) Act, 2017 which grants the status of Institutes of National Importance to these IIITs.

Indian Institute of Information Technology Pune (IIIT, Pune) is newly established educational Institute on May 20th, 2015 by MHRD, Government of India and few industry partners as Not-for-profit Public Private Partnership (N-PPP) Institution. The IIIT Pune is registered as a society under Maharashtra Society Registration Act 1860 on January 07, 2016. IIIT Pune is a joint venture of Govt. of India (50%), Govt. of Maharashtra (35%) and Industrial Partners (15%). The Institute started its first academic session from 1st August 2016. COEP is the mentor Institute for IIIT, Pune.

Prof B. B. Ahuja, Director, COEP is a mentor director for IIIT Pune. The first academic session of IIIT Pune started from August 01, 2016 with two disciplines namely Electronics and Communication Engineering & Computer Science and Engineering with intake capacity of 60 students each.

3.1 Status

IIIT Pune is an institute of national importance, functioning within the “**THE INDIAN INSTITUTES OF INFORMATION TECHNOLOGY (PUBLIC -**

PRIVATE PARTNERSHIP) ACT, 2017”. The act declare certain IIITs established under public-private partnership as institutions of national importance, with a view to develop new knowledge in information technology, to provide manpower of global standards for information technology industry and to provide for certain other matters connected with such institutions or incidental thereto.

3.2 Vision

To be an institution of eminence globally recognized for its academic excellence through research and innovation, industry engagement.

3.3 Mission

- To nurture industry practices and to collaborate.
- To focus on student development, cultivating skills and innovation that builds problem-solving skills.
- To foster a culture of innovation and research among the students.
- To associate with ranked (National & Global) institutes for collaborative engagement
- To collaborate with industry towards development of technology
- To be the preferred institute for knowledge seekers.

3.4 Objectives

The objectives of the Institute include:

- To increase the student capacity to meet the growing demands for industry leaders from domestic and international markets.

- To achieve international standards in student-faculty ratio, doctoral students to postgraduate student's ratio, research output, publications in quality journals and placement of students.
- To achieve growth by increasing the numbers of participants in its program of post graduate programme, education development programme and fellowship.
- To maintain a high level of student satisfaction with academic practices as well as the placements.
- As part of the social responsibility to actively participate in various critical activities, flagship programmes and missions being undertaken.
- To improve the quality of life of people in general and socio economic environment in and around the institute in particular as an outreach activity.

3.5 Campus

The institute is functioning from the temporary campus located in Siddhant College of Engineering Sudumbare, Talegaon-Chakan highway, Pune. Government of Maharashtra has allotted 40 hectares land to IIIT Pune in Nanoli-turf, Tal: Maval, Dist: Pune on December 08, 2015. The construction of the permanent campus is yet to begin.

3.6 Board of Governors and its Committees

IIIT, Pune is an institute of national importance. Responsibility for the general superintendence, direction and control of the affairs of the Institute is vested in the Board of Governors. The board functions through its standing committees - the Finance Committee, the Buildings & Works Committee and other committees which

may be constituted to consider specific issues. The composition of the Board of Governors is as follows:

Board of Governors			
1.	Shri. Vinay Sheel Oberoi	Chairman	Secretary, Department of Higher Education, MHRD, New Delhi
2.	Shri., R. Subrahmanyam	Member	Additional Secretary, Technical Education, MHRD, New Delhi
3.	Smt. Darshana M Darbal	Member	Financial Advisor. MHRD, New Delhi
4.	Dr. Sanjay Chahande	Member	Principal Secretary, Higher and Technical Department, Government of Maharashtra, Mumbai
5.	Shri. Apoorva Chandra Sen	Member	Principal Secretary, Industrial Department, Government of Maharashtra, Mumbai
6.	Smt. Tripti Guha	Member	Director (TE), MHRD, New Delhi
7.	Dr. Nagendra S Chaudhari	Member	Director, Visvesvaraya National Institute of Technology (VNIT), Nagpur
8.	Dr. W. N. Gade	Member	Vice-Chancellor, Savitribai Phule Pune University, Pune
9.	Shri. Vyomesh M Shah	Member	Managing Director, Hubtown Ltd. Mumbai
10.	Shri. Kamal K Singh	Member	Management trustee, Rolta Founadation, Mumbai
11.	Dr. D R Nandanwar	Member Secretary	Joint Director, Technical Education, Pune Region, Pune
12.	Dr. B. B. Ahuja	Mentor Director	Director, College of Engineering Pune
13.	Dr. S.N.Sapali	Registrar	Professor, Department of Mechanical Engineering, College of Engineering, Pune
14.	Dr. S. S. Pardeshi	Faculty Advisor	Professor, Department of Mechanical Engineering, College of Engineering, Pune

3.7 Administration

The director is the principal academic and executive officer of the Institute and is responsible for the proper administration of the Institute, for the imparting of instructions and maintenance of discipline therein. He is assisted in his day-to-day work by Deputy Director(s), Registrar, Deans, Associate Deans and senior faculty of the Institute. The senior members of the administration during the period from April 1st, 2017 to March 31st, 2018 are as follows:

*Prof. B.B. Ahuja
Mentor Director
IIIT, Pune*

*Prof. Kokate Umesh
Registrar
IIIT, Pune*

*Dr. M. Y. Khaladkar
Associate Professor
Department of Applied Science
College of Engineering Pune
Faculty Mentor IIIT, Pune*

*Dr. S.S. Pardeshi
Associate Professor
Department of Mechanical Engineering
College of Engineering Pune
Faculty Advisor IIIT, Pune*

4. Academic Units at IIIT Pune

The major academic units of the institute are the departments. The various academic units are listed below.

S. No.	Departments
1	Electronics and Communication Engineering
2	Computer Science and Engineering

The activities of departments include teaching at all levels and research. There are two departments in IIIT Pune. Each department has its own administration structure with the Head of the Department (HOD) at the top of it. Each department offers a program at the undergraduate level.

- Department of Computer Science and Engineering (CSE)
 - Year of establishment: 2016-17
 - Courses offered: B. Tech
- Department of Electronics and Communication Engineering (ECE)
 - Year of establishment: 2016-17
 - Courses offered: B. Tech

5. Current Degree Programmes

The Institute offers undergraduate programmes in two areas / disciplines leading to the degrees of B. Tech. in Computer Science and Engineering, Electronics and Communication Engineering. The primary objective of these teaching programmes is to offer instruction in engineering at a level comparable to the very best anywhere in the world. This is achieved through an undergraduate curriculum which places a strong emphasis on the understanding of fundamental principles as well as specialized knowledge. Below is the list of courses offered currently.

S. No.	Bachelor of Technology [B.Tech.] Duration : 4 years	Intake
1	Electronics and Communication Engineering	60
2	Computer Science and Engineering	60

6. Performance Highlights

Academic programmes at IIIT Pune cover two engineering disciplines. The admissions for B. Tech in this institute are carried out by Central Seat Allocation Board (CSAB) by the Joint Seat Allocation Authority (JOSAA). Total 95 students have taken admission in the institute. These figures include 14 female students. Last Academic year (2016-2017), total 66 students have taken admission in two programs of the institute. Out of 66, 9 students (3 in ECE department and 6 in CSE department) have not continued the program. Presently, total students in the institute are 152 out of 152 students, 20 girl students.

S. No.	Year	Boys	Girls	Total Students
1	First	81	14	95
2	Second	51	06	57

6.1 Courses and admissions

Following tables give the details regarding the admissions in the given period in different courses offered at IIIT, Pune.

S. No.	Discipline	Sanctioned Strength	Actual Admissions
1	B. Tech. in Electronics and Communication Engineering	60	43
2	B. Tech. in Computer Science and Engineering	60	52

6.2 Academic Performance

IIIT, Pune follows the credits system of performance evaluation, with proportional weighting of courses based on their importance. The total marks (usually out of 100) form the basis of grades, with a grade value (out of 10) assigned to a range of marks.

For each semester, the students are graded on a scale of 0 to 10 based on their performance, by taking a weighted average of the grade points from all the courses, with their respective credit points. Each semester evaluation is done independently and then the weighted average over all semesters is used to calculate the cumulative grade point average (known as CGPA). The overall performance for the current academic year is given below:

Discipline	10.00-9.00	8.99-8.00	7.99-7.00	6.99-6.00	5.99-5.00	4.99-4.00	Less than 4.00	Total
First Semester								
Electronics & Communication Engineering	3	9	6	7	7	8	3	43
Computer Science & Engineering	3	8	19	7	5	5	5	52
Third Semester

6.6 The Year in Perspective

Glimpses of various activities during 2017-18

- **Orientation Program:** The academic year 2017-18 started with orientation program in presence of Dr. B. B. Ahuja, Mentor Director, Dr. S.N. Sapali, Registrar, Dr. M.S. Sutaone, Dean Academics, Dr. S. S. Pardeshi, Dr.M. Y. Khaladkar. This program was organized on 1st August 2017.
- **PICT CREDENZ (15th September, 2017):** A technical fest was organized by Pune Institute of Computer Technology from 15th September, 2017 to 17th September, 2017. Following events were organized whose details are given below:
 - **ROBOLIGA (Robotics):** Four groups participated in the event from which one qualified to the round of 8.
 - Participants – Jidnyesha Patil, Sunil Boro, Bhavesh Vaviya.
 - **ROBORUN (Robotics):-** Two groups participated out of which one group qualified to the round of 8.
 - Participants – Prateek Gupta, Tushar Bhatiya, Himani Bhaisare
 - **REVERSE CODING:** Out of all the participants, Yashit Garg and Deep Bhalerao were the first runner up. They brought us the first prize in junior group. Apart from this three groups qualified to the final round.
 - **C LASH:** Four groups from college qualified to the second round.
 - **CODING QUIZ:** Students participated in first round.
 - Participants – Himanshu Sharma, Saurabh Jaiswal, Abhinav Kumar

- **CLICK A PIC:** Many students participated in this side event. Team of Gaurav Labhane also won a prize.

Snapshots of PICT CREDENZ

- **FRESHER'S PARTY:** The fresher's party was organized on 21st September 2017. It was the first Fresher's party that IIIT, Pune had organized. It was organized in the Auditorium, C Building of Siddhant Group of Institute, Pune. There was food, music and entertainment. The students showcased their many talents for the first time and encouraged other students to participate as well. This made their bond stronger and team efforts were visible. Mr. and Ms. Fresher were chosen with the evening coming to a beautiful end with Dr S. N. Sapali enlightening the students with words of wisdom to kick start the year.

Glimpses of Fresher's Party 2017

- **COEP MIND SPARK 2017:** Following events were organized whose details have been mentioned below:
 - **BOT WRESTLING (Robotics):** Four teams from our college participated.
 - **SUDOKU:** Saloni Choure and Sanya Triphati qualified for the final round.
 - **MECH TRIX:** Saloni Choure and Sanya Triphati qualified for the Second round.
 - **RETRACER:** Aniket Devangan and Sanya Triphati qualified for the Second round.
 - **DEXTER'S LAB:** Khushi Agarwal qualified for round two.
- **Inter College annual sports meet "SPARDHA" at IIT (BHU) VARANASI (27th – 29th October, 2017):** Our students had participated in IIT BHU's Inter College Annual Sports Meet named “**SPARDHA 2017**”, which was held at IIT BHU campus from 27th to 29th October 2017. It was a national level event, nearly about 10000 students from different institutes were participated. From our institute, twenty-four students participated in six different events such as Cricket, Table Tennis, Badminton, Chess, Carrom and Athletics. For participating this event, we provided financial support to our students. The total registration fees were borne by the institute and 50% of travel concession by the government of India. Exposure to this type of competitive environment has ensured a proper platform for our students to portray their talents.

This is the first ever participation of our institute in such inter college sports meet which bring many great news for the institute whose short glimpse

has been given below. In this event, our institute performed well and won seven medals:

- 2 Gold:
- 4 Silver
- 1 Bronze

Snapshots of SPARDHA 2017

- **Athletics:**

- Piyush Deshmukh, a national level sprinter from our college scored a GOLD medal for our college in 100m dash event.
- In 200m dash event, Piyush again scored yet another GOLD medal for our college and doing this in the most dominant fashion possible.
- In 4×100m relay dash event, the quartet of Piyush Deshmukh, Amit Jangid, Siddhartha Nune and Vikas Pratap Singh scored a SILVER medal for our college.
- In the Long Jump event, Piyush Deshmukh scored yet another individual medal for our college, this time a valuable BRONZE.

- **Chess:**

- The Chess team of our college stood at 5th place, in this event which was completed by 16 best rated premier institutions for engineering of the country.

- Shivam Dev Singh and Mihir Upadhyay both individually won 4 out of their 5 matches each competing with internationally rated players.
- **Carrom:**
 - Overall, the team stood at a healthy 4th position missing out on a medal by just one place.
- **Winners**
 - Mr. Piyush Deshmukh student of B. Tech ECE first year was selected as the best performer of IIIT Pune in SPARDHA'17.
 - Gold medal in 100m boys.
 - Gold medal in 200m boys.
 - Bronze medal in long jump boys.
 - Silver medal in 4x100m relay boys
 - Vikas Pratap Singh: B. Tech ECE, First Year achievement at spardha'17: Silver medal in 4x100 m Relay boys
 - Amit Jangid: B. Tech ECE, Second Year achievement at Spardha'17: Silver medal in 4x100 m relay boys
 - Siddhartha Nune: B. Tech CSE, Second Year achievement at spardha'17: Silver medal in 4x100 m relay boys.
- **Official visit of Director of Technical Education to IIIT Pune:** The institute was visited by Hon. Mr. A. E. Rayate, Director, Directorate of Technical Education, Mumbai and Dr. D. R. Nandanwar, Joint Director, Regional office, Pune. The program was begun by a short introductory talk by Dr. S. N. Sapali, Registrar, IIIT, Pune. Then, it was followed by Hon. Mr. Rayate's talk. He shared his work experiences and discussed about the institute development, faculty development and students skill development. An official visit of our

facilities like classrooms, laboratories were shown to the delegates and they interacted with Teaching and Non- Teaching staff and students general secretary of the institute. Following points were discussed in the meeting.

- Institute's new building construction
- Development of Laboratory
- Issues related to scholarships
- Hostel facilities for students
- Transport facilities

The program ended with the vote of thanks by our Registrar, Dr. S. N. Sapali.

- **Traditional Day of IIIT Pune:** The Traditional Day was celebrated with great gusto and enthusiasm on 9th February 2018. The students came fully clad in their traditional dress. Their attire looked simply amazing as they collectively

displayed an array of colors that reflected the diversity of India. Students of IIIT Pune celebrated the Traditional Day to promote “Unity in diversity” which is based on the concept where the individual or social differences in physical attributes, skin color, castes, creed, cultural and religious practices, etc. are not looked upon as a conflict. Rather, these differences are looked upon as varieties that enrich the society and the nation as a whole.

Finally, the event ended by ECE winning the championship and thus the trophy was handed over to the ECE department for their glorious victory.

Inauguration of Sports day

- **Ek Bharat Shreshta Bharat:** The mission of our honorable Prime Minister Shri Narendra Modi through “EK BHARAT SHRESHTA BHARAT” has truly made us, at the IIIT Pune, celebrate the diversity of our nation, help us promote the spirit of national integration and allowed us to showcase the rich heritage and culture of our motherland. This entire semester, all the students excitedly learnt about the different states of the country.

IIIT, Pune had power-packed oratory pieces delivered by various students, promoting the rich culture, food, attire, customs, beliefs, folklore, etc of different states through dances, songs and drama. It was highly educational, and the students got to know about the virtues of different states. The information and knowledge about each state was so intense it made us feel like we were on a country tour sitting in the classroom.
