1.12	To consider the matter of transit campus and to authorize Chairperson, Board of Governor to take decision in this regard. The institute has been running on the rented campus and lease agreement will be going to end on 30th June 2022. The request has been made to the present licensor “M/S KJEI Trinity Academy of Engineering” to renew the lease agreement. The offer made by them is on a very higher side (303.3% hike for academic building and 25% hike for hostel rooms). The Institute is under PPP mode, so it is a huge financial burden to pay such high rent. The new option has to be explored to shift the campus with the same rent of the academic building and hostels (preferably within the same campus) so that no additional financial burden will be borne by the Institute and in that case, tender may not be needed as options will be limited. In order to explore all possible options including negotiation with the current transit campus owner, and finalize the academic and hostel building(s), a committee is formed for the same which includes two members from B&WC (It is approved by B&WC in its 6th meeting). Since we have limited time to start the academic session, it is requested that the Chairperson, BoG may be authorized to take the decision as and when required, and later the matter may be reported to the BoG. Recommendation(s) of Finance Committee: It is recommended that the committee which also includes two members of B&WC formed by the Director may explore all possible options including present and new transit campus to finalize the academic and hostel building(s). Since time is limited to start the academic session, the Chairperson, Board of Governors is authorized to take the decisions as and when required. The matter will be reported in the next meeting of Finance Committee and Board of Governors. Resolution: The board discussed and approved the recommendation(s) of Finance Committee.
1.13	To consider and approve the guidelines on Cumulative Professional Development Allowance (CPDA) for faculties. Board of Governors, had in its 3rd Meeting (Item No. 3.13- Appendix-1.13a) held on 26th February 2019 approved the scheme of Cumulative Professional Development Allowance (CPDA) for faculties. Guidelines to run this scheme has been adopted from IIIT Vadodara. Resolution: The board recommended that this item should be routed through Finance Committee and procurement of Laptop and such similar devices are not allowed from CPDA by the ministry for NITs, IITs/ IIITs (CFTI).
1.14	To consider and approve use of private Internet Service Provider IIIT, Pune is established under PPP scheme and is encouraged to generate its revenues. Considering this, Institute may be given an option to choose a Government Service provider or a Private Service provider for internet services at transit / new campus. Whichever network is beneficial to the Institute given quality of service, network connectivity and reasonable pricing shall be considered following Government guidelines. Resolution: The board approved to take service of Private Internet service provider(s).

1.18.2: -Issues related to area of plot available for campus development.

The Government of Maharashtra has allocated 40 Hectares of land at Village Nanoli Tal. Maval of Pune District. When compound wall work was taken up following issues were raised:-

- a) A Village Goddess temple approach road is passing through land allocated to Institute. So the villagers of Nanoli village submitted their demands for providing them with a moorum top road 20 feet wide along Eastside boundary by sparing Institute's land.
- b) In the plot allotted, there already existed a Government School.
- c) A gas pipe line of Gas Authority of India Limited (GAIL) is passing along southern boundary of plot. As per Development Agreement condition of GAIL, 15 meters wide land strip had to be spared where we cannot construct any structure.
- d) A public road is passing through allotted campus plot. This road is proposed to be diverted along western boundary of plot. As suggested by Pradhan Mantri Gramin Sadak Yojana (PMGSY), 18 meters. wide land along western boundary is spared for diversion of existing road passing through plot.
- e) All these matters were brought in the knowledge of the Collector Pune as mentioned in the Minutes of Meetings. Total area of land to be spared on account of above issues has been worked out. A total of 2.195 hectares of land is spared on this account.
- f) Thus total area available for campus will be $[40.00-2.195] = 37.805$ Hectares.
