The Government of Maharashtra has allocated 40 Hectares of land at Village Nanoli Tal. Maval of Pune District. When compound wall work was taken up following issues were raised:-

- a) A Village Goddess temple approach road is passing through land allocated to Institute. So the villagers of Nanoli village submitted their demands for providing them with a moorum top road 20 feet wide along Eastside boundary by sparing Institute's land.

As per Leave and License Agreement, point no. 6 states “The Licensee shall pay Rs. 12,000 /- (Rupees Twelve Thousand) plus GST if applicable to the Institute of National Importance of MHRD, Government of India per semester for each individual student to the Licensor. The Licensee shall not be liable to pay any other amount to the Licensor for the same....” From March 2020, the COVID cases started increasing and Institute decided to send the students to their homes and to vacate the hostel. It was believed that the situation may get normalized in 2-3 months. But the pandemic continued, and the Institute authority was not able to call the students back. Then the Institute authority decided to reduce the hostel room requirement from 118 rooms to 17 rooms to save the rent expenditure from July 2020 onwards. After unlockdown phase started, 2nd year B.Tech students demanded to open hostel facilities during September 2021. After analyzing the situation of their safety, other guidelines and SOPs by Government, we decided to open the hostel for interested students and therefore we had a discussion with the Licensor for the same. Subsequently, 136 students have shown intend to stay in the hostel and paid the hostel fee in November 2021. Therefore, on the basis of requirement, we have booked 48 rooms in the Hostel for the year 2021-22 (two semesters). Therefore, the rent amount (12,24,000 INR for 2020-21 and 32,64,000 INR for 2021-22), has to be paid to the Licensor “M/s KJEI Trinity Academy of Engineering”. 1.11	Extension of contract period of service providers. (a) “Goodwill Ex-servicemen's Co-operative Society Ltd” was given Work order for providing manpower service to the Institute. The service contract was going to end on 31st Dec 2021. So, the new tender was initially published on 23rd September 2021 and it was published again on 17th November 2021 which is under process. It might take some time to complete the process for engaging a new firm for providing manpower services. Therefore, extension was given to the existing service provider “Goodwill Ex-servicemen's Co-operative Society Ltd” to continue to provide the service on the existing terms and conditions for a period of 3 (three) months upto 31st March 2022. (b) “Rohan Travels” was given Work order for providing Transport Vehicle Service to the Institute. The service contract was going to end on 30th September 2021. So, the new tender was initially published on 23rd September 2021 and it was published again on 19th October 2021. Therefore, extension was given to the existing service provider “Rohan Travels” to continue to provide the service on the existing terms and conditions for a period of 3 (three) months upto 31st December 2021. Submitted for kind information. Resolution: Committee approved and recommended to BoG.
1.12	Any other item(s) with the permission of the Chairperson (a) To consider the matter of transit campus and to authorize Chairperson, Board of Governor to take decision in this regard The institute has been running on the rented campus and lease agreement will end on 30th June 2022. The request has been made to the present licensor “M/S KJEI Trinity Academy of Engineering” to renew the lease agreement. The offer made by them is on a very higher side (303.3% hike for academic building and 25% hike for hostel rooms). The Institute is under PPP mode, so it is a huge financial burden to pay such high rent. An option has to be explored to shift the campus with the same rent of the academic building and hostels (preferably within the same campus) and in that case tender may not be needed as options will be limited. In order to explore these options including negotiation with the current transit campus owner, and finalize the building(s), a committee is formed which includes ‘2’ members from B&WC (It is approved by B&WC in its 6th meeting). Since we have limited time to start the academic session, it is requested that the Chairperson, FC/ BoG may be authorized to take the decision as and when required, and later the matter may be reported to the FC/ BoG. Resolution: It is recommended that the committee which also includes two members of B&WC formed by the Director may explore all possible options including present and new transit campus and finalize the academic and hostel building(s). Since time is limited to start the academic session, the Chairperson, Finance Committee/ Board of Governors is authorized to take the decisions as and when required. The matter will be reported in the next meeting of Finance Committee and Board of Governors.

	(b) To consider and approve creating provision of extending all facilities including increments, leave etc for faculties appointed on contract in regular scale of AGP 6000 (Level-10) and AGP 7000 (Level-11) It is proposed to provide facilities to all faculties as per the notification F.No. 15-4/2017-TC received from MoE dated 27th October, 2017 regarding implementation of revised pay as per 7th CPC. Since faculties are appointed in regular scales on contract, it is proposed that Institute shall extend all facilities including increments, leave etc. for faculties appointed on contract in regular scale of AGP 6000 (Level-10) and AGP 7000 (Level-11). Resolution: Committee approved and recommended to BoG.
