	Total (A+B)	9683.780	3100.968

Surplus Amount – 6.24 Crore

Resolution:

The FC deliberated and recommended to the BoG for approval.

5.3.3	To consider and approve proposal of opening of bank account(s) in Nationalized Bank(s). At present, the account of IIIT Pune is being operated by State Bank of India. But SBI provides limited services and facilities. Most of the time their server is down, due to which the Institute faces a lot of trouble in operating the account. Some nationalized banks (like Canara Bank, Punjab National Bank, Bank of Maharashtra, etc.) are providing quality services, their services are beneficial for the Institute. Therefore, it is proposed that the institute may be allowed to open a bank account with nationalized bank(s). Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
5.3.4	Adoption of GFR-2017 amendment on 10.07.2024. IIIT Pune has been following the General Financial Rules (GFR). Amendments have been made by the Ministry of Finance as per OM No F.1/3/2024-PPD dated 10.07.2024 is enclosed. Resolution: <i>The FC deliberated and approved.</i>
5.3.5	To consider and approve convocation fee of ₹1,000/-. The Senate, in its 11th meeting held on 29th July 2024, has recommended charging convocation fees of ₹1,000/- (Rs One Thousand Only) from the following categories of students: • Final year B.Tech students • Final year M.Tech students • PhD students at the time of thesis submission Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
5.3.6	To consider and approve of Thesis Evaluation Fee of ₹35,000/-. The Thesis Evaluation fee of ₹35,000/- (Rs Thirty-Five Thousand Only) from PhD students at the time of thesis submission was proposed in the 11th Senate meeting held on 29th July 2024. This fee will be utilized for the honorarium of thesis evaluators, defense examination costs, and the travel and daily allowances (TA/DA) of external examiners. Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
5.3.7	To consider and approve Summer Term Policy and Guidelines A student who gets an F grade in their examinations will be eligible to enroll in the summer term. • Summer term will be conducted in the month of June-July of every Academic Year. • The evaluation of the summer term is for 100 marks. • A registration fee of ₹9,000/- (Rs Nine Thousand Only) per course is required to be paid by the student. • Honorarium to faculty: As per the institute norms. This agenda has been deliberated by the Senate Committee on 29th July 2024 and recommended to FC and BoG for approval. Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>

5.3.8	To consider and approve the proposal for the procurement of furniture for classrooms, laboratories, and offices at the permanent campus. While communicating approval of PE of Phase-1 work at permanent campus to CPWD, it was decided that the procurement of furniture would be done by the Institute. phase -I construction work at permanent campus, has entered into finishing stage a committee consisting of faculty members and Advisor for construction work was constituted under the chairmanship of the Registrar to work out details of the furniture requirement and estimation of the cost of procurement of the furniture. The committee had several rounds of meetings and visited IIIT Nagpur in this regard. The last meeting was held on 25.07.2024. In this meeting, the type of furniture, their broad specifications, quantity required, and approximate cost (Rs 6.46 Crore) have been calculated. Minutes of meeting are placed. This agenda was placed in BWC meeting held on 12th August 2024, and BWC has recommended the proposal for the approval of FC and BoG. Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
5.3.9	To consider and approve the estimate for covering the open courtyard of Academic building. In the drawing for Academic building, the central courtyard is kept open. It is found that if this is kept open, rainwater will enter the corridors and may also damage wooden doors etc. Also, if the courtyard is covered, the space can be utilized for various purposes throughout the year. It will also eliminate the problem of draining out of rainwater. In this regard a meeting was held with CPWD Engineers on 29.07.2024 and 30.07.2024. In this meeting it is decided that IIIT Pune will bear the cost of covering of central open courtyard. CPWD Pune prepared an Estimate for covering of central courtyard (Unit-III) vide estimate no.33/EE/PUNE-II/2024-25 amounting to ₹96,42,000/- based on DSR 2023. The proposal was discussed in the BWC meeting held on 12th August 2024, and BWC recommended the proposal. The Minutes of the meeting held on 29.07.2024 and 30.07.2024 and the estimate is placed. This agenda was placed in BWC meeting held on 12th August 2024, and BWC has recommended the proposal for the approval of FC and BoG. Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
5.3.10	To consider and approve the installation of solar water heaters on the roof of hostels. In phase-1 work being executed by CPWD, there is provision for hot water pipelines and the work is in progress. But there is no provision of solar water heaters on the roof top of hostels and housing. To have solar water heaters, EE CPWD Pune was requested to prepare an estimate. EE CPWD Pune has prepared and submitted an estimate for the same for an amount of ₹71,90,752/- vide his letter no.2260- ऋ Dated 22.12.23. It is proposed that this work be executed by the Institute through contract. The estimate is placed.

	This agenda was placed in BWC meeting held on 12th August 2024, and BWC has recommended the proposal for the approval of FC and BoG. Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
5.3.11	To consider and approve 2 Nos. deep tube wells. As per the award of work on EPC mode by CPWD, arrangement of water supply is to be done by the agency. CPWD has approached MIDC Talegaon Chakan, Pune for water supply through their water supply system. It is reported that it may be approved in a month. However, in case MIDC fails to supply water due to break-down of their WTP or due to any other reason, it is advisable to have an alternative source of water by way of having deep tube wells. To find the availability of underground water, Central Ground Water Board (CGWB) Nagpur was approached. CGWB conducted the geographical survey and as per their recommendation, the points for drilling have been decided. An estimate for Providing 2 nos. bore wells has been prepared for ₹7,44,624/- based on DSR 2023. The cost of submersible pump is based on market rates. This work is proposed to be done contractually by the Institute. The estimate and CGWB recommendation is placed. This agenda was placed in BWC meeting held on 12th August 2024, and BWC has recommended the proposal for the approval of FC and BoG. Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
5.4	RATIFICATION ITEMS
	NIL
5.5	REPORTING ITEMS
	NIL
5.6	Any other item with the permission of the chair
5.6.1	Consideration and approval for the diversion of the road passing through the IIIT Pune Campus Land. The plot of land at Gat No. 5 and 6, near Village Nanoli Tarf Chakan, has been allotted to IIIT Pune by the Government of Maharashtra, as per the Karyasan Adhikari Government of Maharashtra order no. ३४१४/५८/प्र.क्र.१३१/ज-५, dated 24th June 2015. A public road currently passes through this plot. The Joint Director of Technical Education, Regional Office Pune, via letter no. TEROP/SS/IIT/2015-16/6505 dated 28-12-2015, proposed shifting this tar road along the periphery of the land. If this road is not diverted, the Institute will face the following issues: - It will be impossible to implement a well-planned campus layout as per the Master Plan for IIIT Pune. - The road passing through the campus will divide the campus into two parts.

	iii) If the campus is divided, students, faculty, and staff will have to frequently cross the road. iv) It will be dangerous and unsafe for pedestrians, especially children, women, senior citizens, and persons with disabilities (PWDs), to cross a busy road with heavy traffic. v) Academic activities, classrooms, laboratories, libraries, and other areas requiring a quiet atmosphere will be disturbed by the noise from vehicle movement and horns. vi) The proximity of the road to academic and hostel buildings will result in dust accumulation due to vehicle movement, leading to potential health hazards. vii) It will also be inconvenient for heavy vehicle traffic to pass through the Institute's land. All these problems can be avoided if the road is diverted. Since 2021, IIIT Pune has repeatedly contacted PMRDA to divert this road. However, instead of diverting it, they began widening the road in May 2024. They were immediately requested to halt the road widening. In May 2024, it was determined that the road belongs to the PWD Department of the Government of Maharashtra and is classified as MDR (Major District Road) 227. Consequently, PWD authorities in Pune were contacted. They have taken up the matter, and a proposal for diverting this road along the western and southern boundaries of the plot has been prepared at a cost of Rs. 470.78 lakh. This proposal has been forwarded by the Executive Engineer (EE), PWD (North) Division, to the Superintending Engineer (SE), PWD Pune Circle, via letter no. 8618, dated 13.08.2024. The proposal is on a deposit basis, requiring the entire amount of Rs. 470.78 lakh to be deposited before the tender process can begin. If the road is not diverted, the Institute will face difficulties, with one of the most serious concerns being the risk of road accidents, as described in point (iv). Additionally, if the road is not diverted, the Institute will need to construct security compound walls on both sides of the road. Furthermore, a subway will have to be constructed to ensure safe passage between Gat No. 5 and Gat No. 6. The approximate cost for these constructions has been estimated at around Rs. 494.90 lakh. According to condition no. 4 of letter no. 8618, dated 13.08.2024, from the EE, PWD a total of 30 meters wide land must be handed over to the PWD for the construction of the road. Similarly, after the completion of the diverted road, a 30-meter-wide portion of the existing PWD road will be handed over to IIIT Pune. Based on rough estimates, approximately 30,000 square meters of land will be handed over to the PWD, and after the completion of the diverted road, around 24,000 square meters will be returned to the Institute. Thus, approximately 6,000 square meters of additional land will need to be given to the PWD for public use. Considering the above considerations, particularly the need for a quiet atmosphere and road safety, it is proposed to allow PWD Pune to divert the road on a cost deposit basis. This agenda was deliberated by BWC by circulation on 17th August 2024 and BWC has recommended the proposal for the approval of FC and BoG. Resolution: <i>The FC deliberated and recommended to the BoG for approval.</i>
