

VISIT REPORT

Visit of South Korean Delegates — Indo-Korean Center, Pune

Date of Visit	14th July 2026 (Tuesday)
Time	10:30 AM – 3:30 PM
Venue	IIIT Pune Campus, Talegaon, Pune
Visiting Delegation	Dr. Lim Eunjoo & Mr. Sanjib Ghatak from Indo-Korean Center, Pune
Organised by	International Relations Office, IIIT Pune

1. Background

A delegation from the Indo-Korean Center, Pune, comprising Dr. Lim Eunjoo and Mr. Sanjib Ghatak, visited the Indian Institute of Information Technology, Pune (IIIT Pune) on **14th July 2026**. The visit was organised by the International Relations Office, IIIT Pune, with the objective of introducing both institutions to each other and exploring avenues for academic, research, and cultural collaboration between India and South Korea.

2. Programme of the Visit

Time	Session / Activity
10:30 AM	Arrival of delegates; Welcome and escorting to the Meeting Room
10:30 – 11:15 AM	Meeting with the Director, IIIT Pune - mutual introductions and overview discussion
11:15 AM – 1:00 PM	Extended interaction session - presentations by both sides followed by open discussion on collaboration possibilities
1:00 – 1:15 PM	Campus Tour - guided visit to key facilities and infrastructure
1:15 – 2:30 PM	Lunch hosted by IIIT Pune

2:30 – 3:30 PM	Debriefing meeting with the Director, IIIT Pune - consolidation of outcomes and next steps
3:30 PM	Departure of delegates

3. Key Discussions

During the interaction sessions, both delegations presented an overview of their respective institutions. **Dr. Jatin Majithia** presented IIIT Pune's academic programmes, research areas, active funded projects, and student activities. The visiting delegation presented the mandate and activities of the Indo-Korean Center and the broader ecosystem of Indo-Korean academic and corporate cooperation.

The discussions were wide-ranging and productive. The following areas were identified as priorities for possible collaboration:

- Academic Collaboration — Student exchange programmes between IIIT Pune and Korean universities, with credit transfer recognition; and inbound / outbound faculty exchange.
- Research Collaboration — Joint research projects in areas including Artificial Intelligence, Cybersecurity, VLSI & Semiconductor Technologies, IoT, Data Science, and Signal Processing.
- Student Employability in Korea — Structured pathways for IIIT Pune students to access internship and placement opportunities in Korean companies operating in India and South Korea.
- Joint Projects & Funding — Collaborative applications under bilateral funding programmes such as DST-Korea bilateral research grants and other Indo-Korean science & technology cooperation schemes.
- Cultural Exchange — Programmes to promote awareness of Korean language, culture, and academic opportunities among IIIT Pune students.

4. Alignment with UN Sustainable Development Goals (SDGs)

The proposed collaboration between IIIT Pune and the Indo-Korean Center aligns with several United Nations Sustainable Development Goals — notably **SDG 4 (Quality Education)**, by expanding access to international academic and skill development opportunities; **SDG 8 (Decent Work and Economic Growth)**, by enhancing student employability and creating new career pathways; **SDG 9 (Industry, Innovation and Infrastructure)**, through joint research and technology collaboration; and **SDG 17 (Partnerships for the Goals)**, by fostering a structured bilateral partnership between Indian and South Korean institutions.
