7	Crimping & Testing	CAT6 Cable Crimping with RJ-45 Connector and Testing.	90	Points
8	Network Configuration	One-time configuration including VLAN creation, Juniper & Cisco switch configuration, trunk port configuration and DHCP routing.	1	Job

2. नियम एवं शर्तें / Terms & Conditions

- A. The quotation shall be submitted in a sealed envelope superscribed:
"Quotation for Passive Networking Work at IIIT Pune Hostels."
- B. The quotation shall include:
 - Unit Rate of each item.
 - GST, if applicable.
 - Total Amount.
 - Any other applicable charges.
- C. Signed and sealed copy of this RFQ as acceptance of all Terms & Conditions.
- D. The bidder shall inspect the site before submitting the quotation and satisfy themselves regarding the actual site conditions, cable routes, installation locations and scope of work.
- E. The quantities mentioned in this RFQ are indicative only and may vary depending upon the actual site requirements. The Institute reserves the right to increase or decrease the quantities by up to **25%** at the time of placing the Work Order without any change in the quoted unit rates.
- F. The quoted rates shall be inclusive of supply (where applicable), labour, transportation, loading/unloading, installation, commissioning, testing, cable dressing, labeling, fixing materials, clamps, conduits, fasteners, consumables, tools, tackles and all incidental expenses required for successful completion of the work.
- G. Only genuine and standard quality networking materials conforming to the prescribed specifications shall be supplied.
- H. The successful bidder shall execute the work in coordination with the Institute's IT Section and Hostel Administration without disturbing the normal functioning of the hostels.
- I. All cables shall be neatly laid inside PVC/Flexible conduits with proper supports and cable management. The completed installation shall have a professional finish.

- J. The successful bidder shall ensure complete testing and commissioning of all installed network points and Wireless Access Points. Necessary test reports shall be submitted to the Institute.
- K. The bidder shall configure VLANs, Juniper, Rukus, D-link, Cisco and other reputed brand switches, trunk ports and DHCP routing as required by the Institute and ensure seamless integration with the existing network infrastructure.
- L. Any damage caused to Institute property during execution of the work shall be rectified by the successful bidder at their own cost.
- M. The successful bidder shall complete the assigned work within Seven (07) days from the date of issue of the respective Work Order. The Institute reserves the right to issue staggered Work Order(s) in one or more phases, with separate delivery/execution schedules, depending upon its operational requirements. The successful bidder shall complete the work within the timeline specified in each Work Order.
- N. Payment shall be released on a stage-wise basis against each Work Order issued by the Institute. The payment for each phase shall be made only after successful completion of the assigned work under the respective Work Order, satisfactory testing and commissioning, certification by the concerned User Section/IT Section, and submission of a valid GST Tax Invoice by the successful bidder. No advance payment shall be made. The Institute shall not be liable to make payment for any work that has not been satisfactorily completed or certified.
- O. The Institute reserves the right to accept or reject any or all quotations wholly or partially without assigning any reason.
- P. The successful bidder shall provide onsite support during the Defect Liability/Warranty period for rectification of any installation-related issues at no additional cost.

3. कोटेशन जमा करने की प्रक्रिया / **Submission of Quotations**

Interested firms/agencies shall submit their sealed quotations at the following address:
